## Keep Virginia Green Poster Contest Opens

The 22nd annual **KEEP VIRGINIA GREEN** poster contest will be held during the period October 1 - November 30. Its theme is "Water is Life," and posters should depict our dependence on clean water at home, school, in industry, or on the farm. Posters might also illustrate how good forest management increases the flow and quality of water.

This contest is open to any student enrolled in any grade of any school, public or private, in Virginia. A total of $3,000 in regular prizes is available for 731 student winners, including separate prizes for each of the lower eight grades, plus special teacher and school awards. An additional $2,000 is available for students whose prize winning posters are identified by imprinted labels from the 1973 KVG bookcovers.

This contest, which is sponsored by Virginia Forests, Inc. in cooperation with the Virginia Division of Forestry, is recognized as being one of the outstanding forest conservation projects in the Nation. Its purpose is to create a better understanding of the importance of the forest and its related resources to the economic and environmental welfare of the people of Virginia. This purpose is achieved by changing the theme each year, and by providing new and appropriate reference material. Contest announcements have already been sent to over 2,000 schools in Virginia, and details may be obtained from school principals and art teachers.

## *Modernistic Club News*

An appreciative audience turned out for Sunday School at Galilee Baptist Church Sunday, Oct. 14, 1973. Supt. John A. Watson was at his post at the 10:00 hour with a very interesting lesson, which was beautifully taught, and discussed. Memory selection: "God commendeth his love toward us, in that while we were yet sinners, Christ died for us."-Rom. 5:8. Subject for discussion "Reconcilition Through Christ." Rom. 5:15-21. Virginia's future... Let's give it our best.

It's no secret . . . we're squarely behind Mills Godwin. And you should be too. The reason is simple—Virginia's future is at stake. And Virginia's future is our future too.

Today, Virginia is one of the best places in the nation to live. There will always be room for improvement, a need to continue building on the present for the future. But Without the proper kind of leadership, our future could become a shambles within a scant four years.

It is essential that we elect an informed Governor who is sensitive to our problems, and who is capable of leading Virginia to a progressive future.

Mills Godwin is such a man.

During his term as Governor, Mills Godwin piloted Virginia through a long overdue "catch-up-move-forward" period which has Virginia emerging as a leader among states. We're all familiar with his many notable achievements for Virginia in areas of education, transportation, environment and economic growth.

But more important, Mills Godwin has addressed his efforts to the crucial issues facing Virginia today.

**FORCED BUSING/CONSOLIDATION:** Unlike his radical opponent, Mills Godwin has always supported quality education for *all* without forced busing or illogical consolidation. He will continue to support neighborhood schools in the future.

**RIGHT-TO-WORK:** Mills Godwin will not allow a few radical politicians or union bosses from outside the state to destroy our healthy labor climate by tossing our right to work law out the back door. He will do everything in his power to preserve this law, which is one of Virginia's biggest attractions to new and expanded business resulting in more jobs and better pay for all our citizens.

**LAW AND ORDER:** Mills Godwin stands for strict enforcement of the law and the prevention of crime. He wants criminals apprehended and convicted so that our homes, businesses and lives are safe.

It's easy to see why we support Mills Godwin for Governor of Virginia. We'd like to tell him he has your support too.

Contact the local Godwin for Governor headquarters and offer your help . . . give Virginia's future a chance.
